

Product Description

The ICS65D77 in-ceiling speakers deliver exceptional sound with the advantage of blending seamlessly in any space. Its built-in in-line transformer allows for easy installation without the need to be concerned with impedance.

Size:	6.5" 2 Way
Max power:	150 W
Frequency Response (-10dB):	60Hz-20KHz
Rated impedance:	8 ohms
Max SPL:	92dB/1m
High Frequency:	1.5" Neodymium Tweeter, 1" Voice Coil
Magnet:	15 Oz
In-Line Transformer	15 W or 30 W
Input Voltage	100 W
Input Connector:	Clip terminal 1
Net weight:	2.5 Kg / Pair
Gross weight:	3.5 Kg / Pair
